Date: 7th January 2019

To,

All MDs/CMDs/Head of Utility (As per List enclosed)

Sub: Advisory on usage of Low Tension Distribution Box (metallic) under IPDS

Dear Madam/Sir,

This has reference to earlier correspondence pertaining to post award changes in technical specification of Low Tension Distribution Boards (LTDBs), wherein decision of technical committee was communicated by REC vide letter No.: REC/DDUGJY/SBD/2017-18/2149 dated 21.07.2017 accepting LTDBs made out of deep-drawn process as well as sheet welding process with the condition that project execution agencies shall take a decision on adopting such changes and its commercial aspects, on awarded works.

This is further to inform you that the Standard Bidding Document (SBD) is a common document to be used for DDUGJY and IPDS schemes. A few changes/clarifications in technical specifications, condition of contract, drawings, price schedule etc. were conveyed to the States from time to time by REC. Similar clarifications for IPDS projects were also issued vide PFC letters dated 01.09.2017 and 22.02.2018 (available on IPDS web portal at <http://www.ipds.gov.in/advisory>), clarifying that the changes/amendments /clarifications in Standard Bidding Documents issued by REC for DDUGJY are also applicable for IPDS works. It was also clarified that the States/Utilities, being tender inviting, awarding and execution authority, have to take decision on the commercial aspects of post award changes, if any, on the awarded works.

Wherever changes in technical specification of LTDBs were accepted after award of contract under IPDS based on decision of technical committee, it is advised to take actions to suitably adjust price difference for deep drawn LTDBs and welded LTDBs in the tender under process and works under progress. A detailed report on the same may be communicated to PFC in this regard within 2 weeks.

This is for your kind information and necessary action please.

Thanking You,

Yours sincerely,

Palka S
