Dear Shri Rao,

I conducted a review meeting of the Rural Electrification Corporation and Power Finance Corporation on 7th March, 2018. As you are aware these are the two financing institutions for the power sector.

During the review, it was noted that distribution companies were borrowing both for capital expenditure and non-capital expenditure. During the review it was also noted that many Distribution Companies were having persistent losses, and if such heavy losses persist, these distribution companies will not be in a position to repay the loans. I have given instructions that no loans will be granted whether for capital expenditure or for non-capital expenditure to any DISCOMs which had heavy losses (above 15%) unless the said Distribution Company draws up an action plan for reducing the losses and action is being taken to implement the said action plan. This will need to be vetted by the Ministry of Power. You may recall that I had touched upon the need to reduce the T&D losses in the meeting held on 7th December, 2017, I would request you to advise your DISCOMs accordingly.

With regards,

Yours sincerely,

(R.K. Singh)

Shri Kimidi Kala Venkata Rao
Hon’ble Minister of Energy
Government of Andhra Pradesh
Room No. 211, 1st Floor, Building-II

Dear Mahbooba Khatun ji,

Enclosed is a list of states in which the difference between input energy and the energy sold is more than 20%. This means that more than 20% of the energy, which is bought from generating companies (National Generating Companies and State Generating Companies), is not billed because of theft or inefficiency. No distribution company can be viable in such a situation.

The states concerned have taken over the debt incurred by these Discos under UDAY and this has reduced their interest burden and losses, but if this continues for next 4-5 years, the distribution company will have piled-up huge losses and will revert to the situation prevailing earlier.

In your state, the losses over the years have been as follows:

<table>
<thead>
<tr>
<th></th>
<th>Input Energy</th>
<th>Energy Sold</th>
<th>Difference between input energy and energy sold</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013-14</td>
<td>12667</td>
<td>5734</td>
<td>6933 MU 54.57%</td>
</tr>
<tr>
<td>2014-15</td>
<td>13701</td>
<td>6130</td>
<td>7561 MU 55.22%</td>
</tr>
<tr>
<td>2015-16</td>
<td>14260</td>
<td>6591</td>
<td>7669 MU 53.78%</td>
</tr>
<tr>
<td>2016-17*</td>
<td>15667</td>
<td>7229</td>
<td>8438 MU 53.85%</td>
</tr>
</tbody>
</table>

(*) Provisional

The extent of the losses (20% - 53%) in the energy is not fully reflected in the financial losses because much of the losses are covered by increased tariff. Therefore, the paying customers are having to bear the burden of the theft and inefficiency by the distribution companies.

Government of India have been giving funds for system strengthening under the Rural Electrification Programme, RAPDRP, DDUGJY and IPDS, but if these losses continue the distribution company will not have money for the maintenance and the systems will deteriorate again.

We propose to provide for an obligation of ensuring 24x7 power supply by March 2019. If the distribution companies don't plug their leakages before that, the losses will increase.

We have examined the matter in the Ministry. It is requested that the following steps may be taken:

Contd. 2/
ii) All feeders and all transformer must be metered. These meters should be remotely readable and energy audit of every feeder must be placed before the Executive Engineer, Superintending Engineer, Chief Engineer and MD of the Discoms every month.

iii) Feeders, in which losses are high, must be replaced with Aerial Bunched Cables which are difficult to tap.

iv) Division and Sub-divisions, in which losses continue to be high even after taking the above steps, may be given out on the franchise system. A standard bidding document for the franchise system has been circulated by this Ministry. It may be adapted with whatever modifications are deemed necessary.

v) The technical losses are in general not more than 6% - 7%, therefore, any loss above 15% is not acceptable.

vi) I would also request to declare some police stations as special police stations for electricity theft cases and set up designate special courts for speedy trial of electricity theft cases.

We are giving funds for meters, cables and transformers under Rural Electrification Program, RAPDRP, DDU, GAY and IPDS. The above steps may be taken on priority and losses brought down to less than 15% by March 2019.

We propose to provide in the tariff policy that the Regulators will not allow losses of more than 15% while fixing the tariff after March 2019.

Yours sincerely,

(R.K. Singh)

In your state, the losses over the years have been as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Input Energy</th>
<th>Energy Sold</th>
<th>Difference between input energy and energy sold</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013-14</td>
<td>650</td>
<td>296</td>
<td>354 (\text{MU} \times 55.92%)</td>
</tr>
<tr>
<td>2014-15</td>
<td>726</td>
<td>358</td>
<td>367 (\text{MU} \times 50.63%)</td>
</tr>
<tr>
<td>2015-16</td>
<td>816</td>
<td>428</td>
<td>388 (\text{MU} \times 47.60%)</td>
</tr>
</tbody>
</table>

The extent of the losses (20% - 50%) in the energy is not fully reflected in the financial losses because much of the losses are covered by increased tariff. Therefore, the paying customers are having to bear the burden of the theft and inefficiency by the distribution companies.

Government of India have been giving funds for system strengthening under the Rural Electrification Programme, RAPDRP, DOIHEJY and IPDS, but if these losses continue, the distribution company will not have money for the maintenance and the systems will deteriorate again.

We propose to provide for an obligation of ensuring 24X7 power supply by March 2019. If the distribution companies do not plug their leakages before then, the losses will increase.

We have examined the matter in the Ministry. It is requested that the following steps may be taken:

i) Metering – We must substitute technology in place of human interface. The meters must be prepaid meters with the exception of large consumers for whom smart meters may be installed. Prepaid meters don't require any Meters Reader. There is no necessity of printing and sending the bills. Along with the system of recharging through mobiles - the system does away drastically reduces human intervention. Where prepaid meters have been used losses have come down.

Sincerely,

[Signature]

v) The technical losses are in general not more than 6% - 7%, therefore, any loss above 15% is not acceptable.

vi) I would also request to declare some police stations as special police stations for electricity theft cases and set up/designate special courts for speedy trial of electricity theft cases.

We are giving funds for meters, cables and transformers under Rural Electrification Program, RAPDRP, DDUGJY and IPDS. The above steps may be taken on priority and losses brought down to less than 15% by March 2019.

We propose to provide in the tariff policy that the Regulators will not allow losses of more than 15% while fixing the tariff after March 2019.

With regards,

Yours sincerely,

(R.K. Singh)

D.O. No. 14/5/2011-APDRP

Dear Shri Chattopadhyay,

I conducted a review meeting of the Rural Electrification Corporation and Power Finance Corporation on 7th March, 2018. As you are aware these are the two financing institutions for the power sector.

During the review, it was noted that distribution companies were borrowing both for capital expenditure and non-capital expenditure. During the review it was also noted that many Distribution Companies were having persistent losses, and if such heavy losses persist, these distribution companies will not be in a position to repay the loans. I have given instructions that no loans will be granted whether for capital expenditure or for non-capital expenditure to any DISCOMs which had heavy losses (above 15%) unless the said Distribution Company draws up an action plan for reducing the losses and action is being taken to implement the said action plan. This will need to be vetted by the Ministry of Power. You may recall that I had touched upon the need to reduce the T&D losses in my letter addressed to your Hon’ble Chief Minister dated 14th December, 2017 and also in the meeting held on 7th December, 2017, I would request you to advise your DISCOMs accordingly.

With regards,

Yours sincerely,

(R.K. Singh)

Shri Sobhandeb Chattopadhyay
Hon’ble Minister of Power
Government of West Bengal
Bidyut Unnayan Bhavan
6th Floor, Plot 3/C, Block LA, Sector III, Saltlake
Kolkata, West Bengal – 700 098
Dear Mamlo jee,

Enclosed is a list of states in which difference between input energy and the energy sold is more than 20%. This means that more than 20% of the energy, which is bought from generating companies (National Generating Companies and State Generating Companies), is not billed because of theft or inefficiency. No distribution company can be viable in such a situation.

The states concerned have taken over the debt incurred by these Discoms under UDAY and this has reduced their interest burden and losses, but if this continues for next 4-5 years, the distribution company will have piled-up huge losses and will revert to the situation prevailing earlier.

In your state, the losses over the years have been as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Input Energy</th>
<th>Energy Sold</th>
<th>Difference between input energy and energy sold</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>MU</td>
<td>% of input</td>
<td></td>
</tr>
<tr>
<td>2013-14</td>
<td>36467</td>
<td>25396</td>
<td>11071</td>
</tr>
<tr>
<td>2014-15</td>
<td>36716</td>
<td>27251</td>
<td>12465</td>
</tr>
<tr>
<td>2015-16</td>
<td>38390</td>
<td>26176</td>
<td>12215</td>
</tr>
</tbody>
</table>

The extent of the losses (20%-53%) in the energy is not fully reflected in the financial losses because much of the losses are covered by increased tariff. Therefore, the paying customers are having to bear the burden of the theft and inefficiency by the distribution companies.

Government of India have been giving funds for system strengthening under the Rural Electrification Programme, RAPDRP, DDUGJY and IPDS, but if these losses continue the distribution company will not have money for the maintenance and the systems will deteriorate again.

We propose to provide for an obligation of ensuring 24X7 power supply by March 2019. If the distribution companies don't plug their leakages before that, the losses will increase.

We have examined the matter in the Ministry. It is requested that the following steps may be taken:-

1) Metering – We must substitute technology in place of human interface. The meters must be prepaid meters with the exception of large consumers for whom smart meters may be installed. Prepaid meters don't require any Meter Reader. There is no necessity of printing and sending the bills. Along with the system of recharging through mobile - the system does away/drastically reduces human intervention. Where prepaid meters have been used losses have come down.

Contd. 2/
ii) All feeders and all transformers must be metered. These meters should be remotely readable and energy audit of every feeder must be placed before the Executive Engineer, Superintending Engineer, Chief Engineer and MD of the Discos every month.

iii) Feeders, in which losses are high, must be replaced with Aerial Bunched Cables which are difficult to tap.

iv) Division and Sub-divisions, in which losses continue to be high even after taking the above steps, may be given out on the franchise system. A standard bidding document for the franchise system has been circulated by this Ministry. It may be adapted with whatever modifications are deemed necessary.

v) The technical losses are in general not more than 6% - 7%, therefore, any loss above 15% is not acceptable.

vi) I would also request to declare some police stations as special police stations for electricity theft cases and set up/designate special courts for speedy trial of electricity theft cases.

We are giving funds for meters, cables and transformers under Rural Electrification Program, RAPDRP, DDUGJY and IPDS. The above steps may be taken on priority and losses brought down to less than 15% by March 2019.

We propose to provide in the tariff policy that the Regulators will not allow losses of more than 15% while fixing the tariff after March 2019.

Yours sincerely,

(R.K. Singh)

D.O. No. 14/5/2011-APDRP

Dear Shri Lalzirliana,

I conducted a review meeting of the Rural Electrification Corporation and Power Finance Corporation on 7th March, 2018. As you are aware these are the two financing institutions for the power sector.

During the review, it was noted that distribution companies were borrowing both for capital expenditure and non-capital expenditure. During the review it was also noted that many Distribution Companies were having persistent losses, and if such heavy losses persist, these distribution companies will not be in a position to repay the loans. I have given instructions that no loans will be granted whether for capital expenditure or for non-capital expenditure to any DISCOMs which had heavy losses (above 15%) unless the said Distribution Company draws up an action plan for reducing the losses and action is being taken to implement the said action plan. This will need to be vetted by the Ministry of Power. You may recall that I had touched upon the need to reduce the T&D losses in my letter addressed to your Hon'ble Chief Minister dated 11th December, 2017 and also in the meeting held on 7th December, 2017, I would request you to advise your DISCOMs accordingly.

With regards,

Yours sincerely,

(R.K. Singh)

Shri R. Lalzirliana
Hon'ble Minister for Power
Government of Mizoram
Civil Secretariat
Aizawl (Mizoram) – 796 001
Dear Sir,

Enclosed is a list of states in which difference between input energy and the energy sold is more than 20%. This means that more than 20% of the energy, which is bought from generating companies (National Generating Companies and State Generating Companies), is not billed because of theft or inefficiency. No distribution company can be viable in such a situation.

The states concerned have taken over the debt incurred by these Discoms under UDAY and this has reduced their interest burden and losses, but if this continues for next 4-5 years, the distribution company will have piled-up huge losses and will revert to the situation prevailing earlier.

In your state, the losses over the years have been as follows:

<table>
<thead>
<tr>
<th></th>
<th>Input Energy</th>
<th>Energy Sold</th>
<th>Difference between input energy and energy sold</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>MJ</td>
<td>% of Input</td>
<td></td>
</tr>
<tr>
<td>2013-14</td>
<td>479</td>
<td>316</td>
<td>163</td>
</tr>
<tr>
<td>2014-15</td>
<td>539</td>
<td>309</td>
<td>168</td>
</tr>
<tr>
<td>2015-16</td>
<td>596</td>
<td>423</td>
<td>173</td>
</tr>
</tbody>
</table>

The extent of the losses (20% - 52%) in the energy is not fully reflected in the financial losses because much of the losses are covered by increased tariff. Therefore, the paying customers are having to bear the burden of the theft and inefficiency by the distribution companies.

Government of India have been giving funds for system strengthening under the Rural Electrification Programme, RAPDRP, DDUGJY and IPDS, but if these losses continue the distribution company will not have money for the maintenance and the systems will deteriorate again.

We propose to provide for an obligation of ensuring 24X7 power supply by March 2019. If the distribution companies don’t plug their leakages before that, the losses will increase.

We have examined the matter in the Ministry. It is requested that the following steps may be taken:

i) Metering – We must substitute technology in place of human interface. The meters must be prepaid meters with the exception of large consumers for whom smart meters may be installed. Prepaid meters don’t require any Meter Reader. There is no necessity of printing and sending the bills. Along with the system of recharging through mobile – the system does away/drastically reduces human intervention. Where prepaid meters have been used losses have come down.

Contd. 2/-
ii) All feeders and all transformers must be metered. These meters should be remotely readable and energy audit of every feeder must be placed before the Executive Engineer, Superintending Engineer, Chief Engineer and MD of the Discos every month.

iii) Feeders, in which losses are high, must be replaced with Aerial Bunched Cables which are difficult to tap.

iv) Division and Sub-divisions, in which losses continue to be high even after taking the above steps, may be given out on the franchise system. A standard bidding document for the franchise system has been circulated by this Ministry. It may be adapted with whatever modifications are deemed necessary.

v) The technical losses are in general not more than 6% - 7%, therefore, any loss above 15% is not acceptable.

vi) I would also request to declare some police stations as special police stations for electricity theft cases and set up designate special courts for speedy trial of electricity theft cases.

We are giving funds for meters, cables and transformers under Rural Electrification Program, RAPDRP, DOUGIY and IPDS. The above steps may be taken on priority and losses brought down to less than 15% by March 2019.

We propose to provide in the tariff policy that the Regulators will not allow losses of more than 15% while fixing the tariff after March 2019.

Yours sincerely,

[Signature]

आदरणीय श्री रघुबर दास जी,

मैंने दिनांक 07 मार्च, 2018 को राष्ट्रीय डिट्राक्सीफ्लेशन कार्यक्रम तथा पावर फाइंसेस कार्यक्रम की समीक्षा की थी। जैसा कि आप अवगत होंगे कि ये दोनों विद्युत क्षेत्र की वित्तीय संस्थाएं हैं।

समीक्षा के दौरान यह पाया गया कि वित्तरण कंपनियों धौलीमत व्यय और गैर-धौलीमत व्यय, दोनों के लिए क्रृत्रिम लेन से ही है। समीक्षा के दौरान यह भी पाया गया कि कई वित्तरण कंपनियां निरस्तर हानि में चल रही हैं। यदि इस प्रकार की भारी हानियां लगतार होती रहें, तो ये वित्तरण कंपनियां क्रृत्रिम लेन की स्थिति में नहीं रहेंगी। अतः, मैंने निर्देश दिए हैं कि उन वित्तरण कंपनियों को, जिन्हें भारी हानियां (15% से अधिक) हो रही हैं, उन्हें पूरीतीमत व्यय अथवा गैर-धौलीमत व्यय के लिए तब तक कोई क्रृत्रिम लेन न दिया जाए, जब तक कि उक्त वित्तरण कंपनियां हानियां घटाने के लिए कार्य योजना तैयार नहीं कर लेतीं और उत्तम कार्य योजना पर अपना प्रारंभ नहीं करतीं। यह मित्रार्थ है कि कृपया अपनी विद्युत वित्तरण कंपनियों को तदनुसार निर्देश दे कि वे अपने घटों को कम करने का रोडमेप तैयार कर उस पर राज्य सरकार का अनुमोदन प्राप्त कर विद्युत मंडल को 30 जून, 2018 तक प्रस्तुत करें। उक्त रोडमेप में Quarterly Milestone भी अंकित किए जाएं।

शुभकामनाओं सहित,

विश्वासभाजन,

(आ.के. सिंह)

श्री रघुबर दास,
माननीय सर्वाधिकारी,
झारखंड सरकार,

प्रिय श्री पुष्पेंद्र जी,

मैंने दिनांक 07 मार्च, 2018 को सरकार इलेक्ट्रिकाइजेशन कार्यालय तथा पावर फाइनेंस कार्यालय की समीक्षा की थी। जैसा कि आप अवगत हैं कि ये दोनों विद्रोहित क्षेत्र की विलक्षण संस्थाएं हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियां पूर्णपूर्ण व्यवस्थाओं और गैर-पूर्णपूर्ण व्यवस्थाओं के लिए ऊर्जा निर्देशन दी गई है। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियां निरंतर हानि में चल रही हैं। यदि इस प्रकार की भारी हानियां लगातार होती रहें, तो ये वितरण कंपनियां ऊर्जा चुकाने की स्थिति में नहीं रहेंगी। अतः, मैंने निर्देश दिए हैं कि उन वितरण कंपनियों को, जिनकी भारी हानियां (15% से अधिक) हो रही हैं, उन्हें गैर-पूर्णपूर्ण व्यवस्था अथवा गैर-पूर्णपूर्ण व्यवस्था के लिए तब तक कोई ऊर्जा न दिया जाए, जब तक कि उक्त वितरण कंपनियां हानियां घटाने के लिए कार्य योजना तैयार नहीं कर लेती और उक्त कार्य योजना पर अभिलेख पर्यंत नहीं करती। इस निर्देशन के लिए क्रूपयोगी विद्रोहित वितरण कंपनियां को गठनुसार निर्देश दे कि वे अपने घाटी को कम करने का Roadmap तैयार कर उस पर राज्य सरकार का अनुमोदन प्राप्त कर विद्रोहित मंचालन को 30 जून, 2018 तक प्रसिद्ध करें। उक्त Roadmap में Quarterly Milestone भी अंकित किए जाएं।

शुभकामनाओं सहित,

(आर.के. सिंह)

प्रिय श्री पारस चंद्र जी,

मैंने दिनांक 07 मार्च, 2018 को रूल इंजिनियरिंग कार्यवाही तथा पावर फाइनेंस कार्यवाही की समीक्षा की थी। जैसा कि आप अगवत ही हैं कि ये दोनों विद्युत क्षेत्र की वित्तवाणी संरचनाएं हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियों पूंजीता व्यावसायिक हो भी गर्दन-पूंजीता व्यावसायिक, दोनों के लिए रूप ले रही हैं। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियाँ जिसतर हार्ट में बच रहीं हैं। यदि इस प्रकार की भारी हानियां लगातार होती रहें, तो ये वितरण कंपनियाँ रूप चुकाने की स्थिति में नहीं रहतीं। अतः, मैंने मित्रेश दिए हैं कि उन वितरण कंपनियों को, जिन्हें भारी हानियाँ (15% से अधिक) हो रहीं हैं, उन्हें पूंजीता व्यवसाय अथवा गर्दन-पूंजीता व्यवसाय के लिए तब तक कोई रूप न दिया जाए, जब तक कि उक्त वितरण कंपनियाँ हानियाँ घटाने के लिए कार्यों योजना तैयार नहीं कर सकतीं और उक्त कार्यों योजना पर अमल प्रारंभ नहीं करती। मेरा निर्देशन है कि कृपया अपनी विद्युत वितरण कंपनियों को तदनुसार निर्देश दे कि वे अपने घाटे को कम करने का Roadmap तैयार कर उस पर आज़ादी सरकार का अनुमोदन प्राप्त कर विद्युत मंत्रालय को 30 जून, 2018 तक प्रस्तुत करें। उक्त Roadmap में Quarterly Milestone भी अंकित किए जाएं।

शुभकामनाओं सहित,

विश्वासभाजन,

(आर.के. सिंह)

श्री पारस चंद्र जैन,
माननीय ऊर्जा मंत्री,

आदरणीय विजेन्द्र बाबू,

मैंने दिनांक 07 मार्च, 2018 को सरल इलेक्ट्रिट्रिकेशन कार्यालय तथा पावर फाइनेंस कार्यालय की समीक्षा की थी। जैसा कि आप अवगत हैं कि वे दोनों विद्युत क्षेत्र की वित्तपोषण संस्थाएं हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियों पूंजीगत व्यय और गैर-पूंजीगत व्यय, दोनों के लिए ऊँचा लगा है। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियां निर्तर हानि में चल रही हैं। यदि इस प्रकार की भारी हानियां समाप्त होंगी, तो वे वितरण कंपनियां ऊँचा चुकाने की स्थिति में नहीं रहेंगी। अतः, मैं निर्देश दिए हैं कि उन वितरण कंपनियों को, जिन्हें भारी हानियां (15% से अधिक) हो रही हैं, उन्हें पूंजीगत व्यय और गैर-पूंजीगत व्यय के लिए भाग तक कोई ऊँचा न दिया जाए, जब तक कि उक्त वितरण कंपनियों हानियां घातने के लिए कार्य योजना पूरी हो नहीं कर लें और उक्त कार्य योजना पर अर्थव्यवस्था प्रारंभ नहीं करती। इसके अनुसार वितरण कंपनियों को तदनुसार निर्देश दे कि वे अपनी घटी को कम करने का रोडमेप तैयार करें। उस पर राज्य सरकार का अनुमोदन प्राप्त कर विद्युत मंत्रालय को 30 जून, 2018 तक प्रस्तुत करें।

कृपया उक्त रोडमेप में Quarterly Milestone के अंतर्गत जाएं।

शुभकामनाओं सहित,

विश्वासभाजन,

(आर.के. सिंह)

श्री विजेन्द्र प्रसाद यादव,
मानसी विद्युत मंत्री,
विहार सरकार,
सचिवालय, पटना,
विहार-800001
आडरणीय श्री मनोहर लाल जी,

मैंने दिनांक 07 मार्च, 2018 को सरल इलेक्ट्रिकिंग कार्योपराचन तथा पावर फाइनेंस कार्योपराचन की समीक्षा की है। जैसा कि आप अवगत होंगे कि ये दोनों विद्युत क्षेत्र की वित्तीय संस्थाएं हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियों पुंजीगत व्यय और गैर-पुंजीगत व्यय, दोनों के लिए रक्षा के दिन रही हैं। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियों निरंतर हानि में चल रही हैं। यदि इस प्रकार की भारी हानियां लगा रही हों, तो ये वितरण कंपनियों रक्षा युक्तने की स्थिति में नहीं रहनी चाहिए। अतः, मैंने निर्देश दिए हैं कि उन वितरण कंपनियों को, जिन्हें भारी हानिया (15% से अधिक) हो रही है, उन्हें पुंजीगत व्यय अथवा गैर-पुंजीगत व्यय के लिए तब तक कई रक्षा न दिया जाए, जब तक कि उक्त वितरण कंपनियों हानियां घटाने के लिए कार्य योजना तैयार नहीं कर लेती और उक्त कार्य योजना पर आमल प्रारंभ नहीं करती। मेरा निर्देश है कि कृपया अपनी विद्युत वितरण कंपनियों को लेखानुसार निर्देश दे कि वे अपने घाटे को कम करने का Roadmap तैयार कर उस पर राज्य सरकार का अनुमोदन प्राप्त कर विद्युत मंत्रालय को 30 जून, 2018 तक प्रस्तुत करें। उक्त Roadmap में Quarterly Milestone भी अंकित किए जाएं।

शुभकामनाओं सहित,

विश्वासभाजन,

(आर. के. सिंह)

श्री मनोहर लाल,
माननीय मुख्यमंत्री,
हरियाणा सरकार,
हरियाणा सिविल सचिवालय,
सेक्टर-1, चंडीगढ़-160001
प्रिय श्री श्रीकांत जी,

मैंने दिनांक 07 मार्च, 2018 को स्तंभ इलेक्ट्रिक्सेशन कार्यालय तथा पावर फाइनेंस कार्यालय की समीक्षा की थी। जैसा कि आप अवगत हैं कि ये दोनों विद्युत क्षेत्र की वित्तीय संस्थाएं हैं।

समीक्षा के दौरान यह पता चला है कि वित्तपत्र कंपनियाँ पूंजीवादक व्यवस्था और गैर-पूंजीवादक व्यवस्था, दोनों के लिए अनुपस्थित से हानि है। समीक्षा के दौरान यह भी पता चला है कि कई वित्तपत्र कंपनियाँ निर्यात हानि में चल रही हैं। यदि इस प्रकार का जोखिम अधिक होता है, तो ये वित्तपत्र कंपनियाँ अनुपस्थित रहने की स्थिति में नहीं रह सकते। अतः, मैंने निर्देश दिया है कि यदि वित्तपत्र कंपनियों को, जिनकी शारीरिक हानियाँ (15% से अधिक) हो रही हैं, उन्हें पूंजीवादक व्यवस्था आधारित गैर-पूंजीवादक व्यवस्था के लिए तब तक कोई अनुपस्थिति न दिया जाए, जब तक कि उक्त वित्तपत्र कंपनियों हानियाँ घटाने के लिए कार्यक्रम योजना तैयार नहीं करती और उक्त कार्य योजना पर अनुपस्थित नहीं करती। मेरा निर्देश है कि कृपया अपनी विद्युत वित्तपत्र कंपनियों की तदनुसार निर्देश दे कि वे अपने घाटे का कम करने का रोडमैप तैयार कर उस पर राज्य सरकार का समन्वय प्राप्त कर विद्युत मंत्रालय को 30 जून, 2018 तक प्रस्तुत करें।

उक्त रोडमैप में वार्षिक मासिक स्थिति भी अंकित किए जाएं।

शुभकामनाओं सहित,

विश्वासभाजन,

(आर.के. सिंह)

प्रिय श्री सत्येंद्र जैन जी,

मैंने दिसाव 07 मार्च, 2018 को सरल इलेक्ट्रिकितेशन कार्यालय तथा पावर फाइनेंस कार्यालय की समिति की थी। जैसा कि आप अवगत हैं है कि ये दोनों विद्युत क्षेत्र की वित्तपोषण संस्थाएं हैं।

समिति के दौरान यह पाया गया कि वितरण कंपनियों द्वारा पूँजीवाणी व्यवस्था और गैर-पूँजीवाणी व्यवस्था, दोनों के लिए क्षुद्र से रही है। समिति के दौरान यह भी पाया गया कि कई वितरण कंपनियों निरंतर हानि में पड़ रही हैं। यद्यपि इस प्रकार की बारी हानियाँ लगातार होती रहीं, तो ये वितरण कंपनियों क्षुद्र पुनर्जन्म की स्थिति में नहीं रहती। अतः, मैंने निर्देश दिया है कि उन वितरण कंपनियों को, जिन्हें आँधी हानियाँ (15% से अधिक) हो रही हैं, उण्डे पूँजीवाणी व्यवस्था अथवा गैर-पूँजीवाणी व्यवस्था के लिए तब तक कोई क्षुद्र न सिधा जाए, जब तक कि उक्त वितरण कंपनियों हानियाँ हटाने के लिए कार्य कोचन संस्था नहीं कर सकती और उक्त कार्य कोचन को कार्यान्वयन करने के लिए कार्यान्वयण नहीं करती। चाहे काम करने के लिए की जा रही कार्यान्वयन प्रथमता है अथवा नहीं, इसका आकलन विद्युत मंत्रालय, भारत सरकार द्वारा किया जाएगा। आपने न्याय होकर कि मैंने दिसाव 07 दिसंबर, 2017 को आयोजित बैठक में दी एप्स डे हानियाँ को नहीं करने की शक्तिशाली प्रतिक्रिया की। कार्य कोचन की प्रति भारत सरकार को भेजी जाए। नेता यह भी निर्देश होगा कि कार्य कोचन पर विद्युत वितरण कंपनियों अथवा कार्य कोचन कर सकता है अथवा नहीं, इसकी समिति समय-समय पर रूपान्तरण करने का क्षेत्र करें। यदि वितरण कंपनियों के पास काम नहीं होने तो विद्युत व्यवस्था का सुधार नहीं हो पाएगी।

शुभकामनाओं सहित,

शिवविधानमण्डल,

(आर. के. सिंह)

प्रिय श्री चिमन्नाय धरभच्छाई सिपेरिया जी,

मैंने दिनांक 07 नवंबर, 2018 को कर्तल इलेक्ट्रॉकीकेन्शन कार्यक्रम तथा पावर फाइनेंस कार्यक्रम की समीक्षा की थी। जैसा कि आप अवगत हैं कि ये दोनों विभाग की वित्तीय संस्थान हैं।

समीक्षा के दौरान यह पाया गया कि वित्तरण कंपनियां पुनर्जीवित व्यय और गैर-पुनर्जीवित व्यय, दोनों के लिए बुना ने रही हैं। समीक्षा के दौरान यह भी पाया गया कि कई वित्तरण कंपनियां निर्माण हानि में वाल रही हैं।

यदि इस बारे में आप सही हानियों को लगातार होती रहें, तो ये वित्तरण कंपनियां बुना बुना की स्थिति में नहीं रह सकती। यदि इस प्रकार की भारी हानियों नहीं होती, तो ये वित्तरण कंपनियां बुना बुना की स्थिति में नहीं रहेंगी।

वित्तरण कंपनियों की हानियों (15% से अधिक) हर रही हैं। यह बुना पुनर्जीवित व्यय व्यय और गैर-पुनर्जीवित व्यय के लिए बुने दो बुने रूपों न दिया जाए, जब तक कि उपर किसी कंपनीयों हानियों शासन के लिए कार्य योजना तैयार नहीं करें। उनके लिए यदि वित्तरण कंपनियों का कार्य करने के लिए कार्यवाही नहीं करती, तो जा रही बुना बुना की हानि है।

वित्तरण कंपनियों का आकलन बुना पुनर्जीवित व्यय व्यय व्यय के लिए दो दो बुने रूपों न दिया जाए, जब तक कि उपर किसी कंपनीयों हानियों शासन के लिए कार्य योजना तैयार नहीं करें।

श्रेयसाधनों सहित,

विश्वासाधन,

प्रिय श्री सुजन सिंह पतनिया जी,

मैंने दिनाकर 07 मार्च, 2018 को सरकार इलेक्ट्रिकिक्स कार्यालय तथा वायरल फार्मेंस कार्यालय की समीक्षा की थी। जैसा कि आप अवगत होंगे, की ये दोनों क्षेत्र की वित्तपोषण संस्थाएँ हैं।

समीक्षा के दौरान मुझे पता चला कि वित्तपोषण कंपनियों के पुनरीजर्जन व्यवस्थाओं और गैर-पुनरीजर्जन व्यवस्थाओं के लिए अधिक जोड़का दिया जा रहा है। समीक्षा के दौरान मुझे पता चला कि कई कंपनियों ने अपनी हानि को दबाया है। यदि इस प्रकार का हासिल न होने तो वित्तपोषण कंपनियों के लिए अधिक जोड़का हो सकता है। अतः, केवल तो जितना है कि उन कंपनियों की, जिन्हें भारतीय हासिल (15% से अधिक) है, उनके पुनरीजर्जन व्यवस्था अपने गैर-पुनरीजर्जन व्यवस्था के लिए तब तक कोई अधिक जोड़का न दिया जाए, अब तक कि उन वित्तपोषण कंपनियों की हानि के लिए कार्यों को तय करने और उत्तर कार्यों को कार्यों के लिए सुझाव नहीं करने। घटक कम करने के लिए जो कोई कार्यों का आयोजन करने में अभाव है तो भर्ती करने के लिए अभाव है अभाव करने के लिए अभाव।

श्रम शक्ति भवन, नई दिल्ली-110 001 Phone : +91-11-23717474, 23713411 Fax : +91-11-23710065, E-mail : raj.ksinh@gov.in
प्रिय श्री चंद्रशेखर कृष्णाराव जी,

मैंने दिनाक 07 मार्च, 2018 को सरल इलेक्ट्रिकिसेशन कार्यार्थन तथा पावर कार्यार्थन की समीक्षा की थी। जैसा कि आप अभिज्ञ हैं कि ये दोनों विद्युत क्षेत्र की वित्तीय प्रभावण समस्याएं हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियों पुरुषात्मक व्यय और गैर-पुरुषात्मक व्यय, दोनों के लिए झुन्ड ले रही हैं। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियों निरोध हानियों में जल्द हो रही हैं। यदि इस प्रकार की भारी हानियों लगातार होती रहें, तो ये वितरण कंपनियों शुष्क घुमकले की स्थिति में नहीं रहेगी। अतः, मैंने निर्देश दिया है कि उन वितरण कंपनियों को, जिन्हें शारीरिक हानियों (15% से अधिक) हो रही हैं, उन्हें पुरुषात्मक व्यय अथवा गैर-पुरुषात्मक व्यय के लिए तब तक कोई झुन्ड न दिया जाए, जब तक कि उनका वितरण कंपनियों हानियों घटने के लिए कार्योन्नति नहीं कर लेती और उनका कार्य योजना को कार्यान्वयन करने के लिए कार्यवाही नहीं करती। घटाए कम करने के लिए की जा रही कार्यवाही प्रश्नानुसार अपना नहीं, इसका आकार पिछले मॉडल, भारत सरकार द्वारा किया गया। उनकी अनुमति होगा कि मैंने दिनाक 07 दिसंबर, 2017 को आयोजित बैठक में ती एच डी हार्मनी को कम करने की अवधारणा पर बल दिया था। मैं आपसे निर्देशन करना चाहिए कि अपनी विद्युत वितरण कंपनियों को तदनुसार अपने घटे कम करने हेतु प्रभावी कार्य करने का निर्देश। कार्योन्नति की प्रति भारत सरकार का भरोसा जाए। मेरा यह भी निर्देश होगा कि कार्योन्नति पर विद्युत वितरण कंपनियों अत्यंत कर रहे हैं अपवाद नहीं, इसकी समीक्षा समय-समय पर, या कार्योन्नति के घटे कम नहीं होने तो विद्युत व्यवस्था कभी सुदृढ़ नहीं हो पाएगी।

शुभकामनाओं सहित,

विश्वासभावन,

(आर.के. सिंह)

प्रिय श्री विवेक देव सिंह जी,

मैंने दिनांक 07 मार्च, 2018 को सरकार इलेक्ट्रिकेशन कार्यालय तथा पावर कार्यालय के समीक्षा की थी। जैसा कि आप अभिव्यक्त हैं कि ये दोनों विद्युत क्षेत्र की वित्तीय वस्तुएं संबंधित हैं।

समीक्षा के दौरान यह पाया गया कि वितरण कंपनियां पूंजीकृत व्यवस्था और गैर-पूंजीकृत व्यवस्था, दोनों के लिए बुरी तरह से तीव्र हैं। समीक्षा के दौरान यह भी पाया गया कि कई वितरण कंपनियां निरंतर हानि में चल रही हैं। यदि इस प्रकार की भारी हानियां लगातार होती रहीं, तो ये वितरण कंपनियां ब्रांड युक्त की स्थिति में नहीं रहतीं। अतः, नीचे निर्देश दिए हैं कि उन वितरण कंपनियों को, जिन्हें भारी हानियां (15% से अधिक) हो रही हैं, उन्हें पूंजीकृत व्यवस्था अथवा गैर-पूंजीकृत व्यवस्था के लिए नवीनता देना चाहिए जाने वाले कार्यों के लिए शुरू करने में आसानी होगी। यदि कोई कार्य नहीं करता, तो ये प्रभावी प्रभावी होगा जा सकता है। ऐसा प्रतीत होता है कि उन वितरण कंपनियों की समीक्षा तत्काल अद्यतन करने का अवसर प्रदान करे।

आपकी स्थिति होगी कि मैंने दिनांक 07 दिसंबर, 2017 को आयोजित बैठक में टी एएई श्री हामिड को कार्यालय की आवश्यकता पर बल दिया था। मैं आपसे निश्चित करता दिखाए कि अपनी वित्तीय वस्तुएं तदनुसार अपने घटे कम से हेतु प्रभावी कार्यों योजना बनाने की निर्देश देने। कार्यों की प्रतीत भारत सरकार को भी जाना जाए। मैं इस श्री विवेक देव सिंह नामक कार्यों पर वितरण वित्तीय कंपनियों अनमोल कर रही हैं अथवा नहीं, इसकी समीक्षा समय-समय पर स्वतः करने का काम करें। यदि वितरण कंपनियों के घटे कम नहीं होने तो विद्युत व्यवस्था कभी सुधार नहीं हो पाएगी।

शुक्रियाग्राह्यसहित,

विश्वासभावन,
