Copy to:

PPS to Secretary(P) / PPS to AS(BPP)/PPS to AS(BNS) / PS to all JSs / PA to DS(RE), Ministry of Power.
Minutes of the 9th Review, Planning and Monitoring (RPM) meeting of Ministry of Power held on 12th October 2015 at SCOPE Convention Centre, SCOPE Complex, Lodhi Road, New Delhi.

The 9th RPM meeting was conducted on 12th Oct. 2015 wherein senior officials from Ministry of Power, CPSUs, CEA, representatives from State Govt. and Discoms participated. Hon’ble Ministry of State (I/C) for Power, Coal and New & Renewable Energy also graced the occasion by his presence in the meeting. The list of participants is enclosed as Annexure.

2. Broad agenda was briefed by Addl. Secretary, MoP which mainly included DDUGJY, IPDS, Smart Grid, PFA etc. He highlighted the review of Village Electrification programme by Cabinet Secretary on 24.09.2015 and reiterated that weekly report is being sent to PMO for review and requested States to put in concerted efforts to achieve the goal within timelines.

3. Secretary, Ministry of Power, in his opening remarks, stressed upon the importance of ownership of village electrification programme and urged all States to leave no stone unturned to ensure electrification of all remaining un-electrified villages by 31st March 2017.

4. Electrification of un-electrified villages under DDUGJY

ED, REC elaborated the strategy and action plan formulated in consultation with States to ensure electrification of remaining un-electrified villages in 730 days i.e. by 31st March 2017. The Gram Vidyut Abhiyantas (GVAs) have been appointed at block/district levels for field inspections and updating the milestone based progress of each village through Mobile App. The Mobile App ‘Grameen Vidyutikaran’ has been made functional and can be downloaded from ‘Google Play Store’.

The amendments in DDG guidelines as approved by the Monitoring Committee for electrification of off-grid villages and the strategy for electrification of households through Standalone Solar System being finalized in consultation with MNRE were also discussed. The salient points are as under:

**Amendments in DDG guidelines approved by the Monitoring Committee**

- Funding pattern in line with DDUGJY i.e. 85%/60% subsidy for special category States / Other States
- Additional 15%/5% subsidy for special category States / Other States on timely completion of projects
- Release of 90% payment till commissioning and 10% after 6 months, 5 years sustainability ensured through 20% Bank Guarantee
- Pre-Qualifying Criteria revised to ensure participation of maximum bidders
- Possibility to be explored for electrifying the villages through off-grid by Private/ Public participation
To provide Standalone system if :-
- Cost of electrification per HH is more than 1 lakh
- No. of Households in the habitation is less than 16
- Length of LT line per HH > 200 meters

**Strategy for Stand Alone Solar Systems being finalized with MNRE**

- About 1900 villages to be electrified through standalone mainly in Arunachal Pradesh (1000 villages), Assam (450) etc. covering about 25000 HHs
- Stand-alone system may include 2 LED (7 watt), 2 LED (3 watt), one DC fan (14 watt), one mobile charging point and one socket of 25 watt etc.
- Lithium ferro phosphate battery to be used
- Street light (6 watt LED) stand-alone system (one street light in 5 HHs)
- To cover village institution like panchayat bhawan, school, health centre
- Stand-alone Solar Pumping system including water tank, pipe, pump etc.
- Capacity, Cost, Technical Specifications are being finalized with MNRE
- SECI to prepare the tender document to procure the required no. of Standalone systems
- Suppliers/developers to supply, install, commission & maintain the stand alone system for 5 years
- Suppliers to collect the nominal tariff (say Rs.30 per month) from HHs
- SECI may appoint one attendant/operator to for every 100 HHs
- Monitoring through mobile phone sms: Features built in Standalone system
- MNRE may also conduct social engineering to educate people about the stand alone system

5. JS (Dist.) emphasized that acceptability of States is important to ensure consensus amongst States and Center. He requested States' view on standalone system for village electrification.

6. Principal Secretary (Energy), Rajasthan mentioned that upfront subsidy is provided to households for procurement of Standalone systems in their State and so far no tariff is collected. However, in the proposed model, since the systems shall be installed by the Govt. and beneficiaries should be willing to pay monthly tariff. Chairman, WBSEDCL, West Bengal mentioned that the system installed in Sunderbans area posed problem in long term due to lack
of maintenance and insufficient sun cover and suggested for a pilot project before scaling it up further. Additional Chief Secretary, Karnataka mentioned that in recently tendered projects, the cost is coming as high as Rs 10 Lakhs per household and solar may not work in deep forest areas where it rains for more than 6 months and requisite sunlight is not available. So we may have to look for alternative models for such areas. Principal Secretary (Energy), Chhattisgarh mentioned that they have positive experience with off-grid solutions and CREDA is doing great job in putting up similar projects and maintenance is taken care of by local youths. The State of Meghalaya also expressed their concern about heavy rains and non-availability of adequate sunlight required for solar systems. The State of Arunachal Pradesh indicated technical specifications etc. may be finalized at central level and implementation part should be left to State.

7. Additional Secretary, MoP remarked that the 'one size fits all' approach would not work considering diversities amongst States and each State may have to work out solutions keeping in view their advantages and also limitations. AS,MoP advised REC to take a view on this in consultation with MNRE and concerned States and submit to Ministry.

8. The details of Mobile App ‘Grameen Vidyutikaran’ were also shared with States. The State Secretaries/MDs and other concerned officers were requested to download the Mobile App and make use of it for regular monitoring.

9. JS(Dist.), MoP expressed his concern about present pace of villages electrification which needs to be enhanced to meet the target and desired that timelines for villages covered under State Plan in the States of Bihar, Chhattisgarh & Jharkhand should also be captured in the action plan. Further, submission of DPRs for off-grid villages should also be expedited.

10. On the issues of new initiative on material mobilization, it was clarified that it is optional for the States to procure material/equipment through vendors being empaneled under new initiative but it is mandatory for all the States to follow technical specifications finalized by the Committee at central level. However, for works relating to electrification of un-electrified villages, respective implementing agencies to award contracts as a separate package or may execute works departmentally. The report of Committee-A would be available within a week and posted on DDUGJY website.
11. The following major action points emerged during the meeting on village electrification:

<table>
<thead>
<tr>
<th>Sl. No.</th>
<th>Action Point</th>
<th>Responsibility</th>

13. Shri A.K. Singh, MD, PuVVNL, Varanasi made presentation on issues under IPDS being faced in Varanasi district and measures taken in tackling them.

14. Joint Secretary (R&R) briefed about the amendments in Electricity Act. Compensation of Transmission line tower and base paper on swapping of coal was elaborated by Secretary (Power) and feedback from the States were taken.

15. DPRs for smart grid projects and status thereof was highlighted by AS, MoP.

16. Principal Secretaries from Chhattisgarh and Jharkhand States made detailed presentation on Power For ALL (PFA) in respect of their States.

17. In the presence of Hon’ble Minister of State (I/C) of Power, Coal and New & Renewable Energy and Secretary, Ministry of Power, the PFA documents were signed by the Chhattisgarh and Jharkhand States’ Principal Energy Secretaries with Ministry of Power (JS–R&R).

18. Hon’ble Minister in his remarks congratulated Chhattisgarh and Jharkhand State for signing the PFA documents and stated that it is a perfect example of TEAM INDIA working, where States and Centre have joined hands in fulfilling people’s aspirations. Hon’ble Minister further stated that initiatives of Power, Coal, New & Renewable Energy Ministries are being widely appreciated. The Review, Planning and Monitoring (RPM) is an excellent forum for the States to bring out issues and ideas and also to share the best practices by them for adoption by all. The enthusiasm displayed by the States has encouraged the Ministry to set the ambitious target of electrifying all the villages in 730 days.

19. Hon’ble Minister highlighted that issues flagged by the States would be taken up by the Ministry in the right direction for resolving them. PFC has issued State rankings for different parameters and these rankings should be taken in the right spirit of competitive federalism by States for improvement. Hon’ble Minister emphasized that renewable energy would play a major role in climate change policies and urged the States to look into their Solar policies.

20. The leadership and vision of States play major role in achieving targets and if all the States come together and work as TEAM INDIA, anything is achievable. In coal swapping issue, suggestions and improvements, if any, are further requested from States. Each challenge should be converted as opportunity and use them for maximum benefit under DDUGJY and IPDS schemes to serve the people better. Hon’ble Minister emphasized that if the planning is done in the right way, even if it takes extra time, the benefits in the long term far outweigh the longer time
in terms of economies of scale. Also, if there is any delay in providing Govt. subsidy, States should avail bridge loan and ensure that execution works do not suffer on this account. States should identify people, train them and award contracts for speedier execution of works. Hon’ble Minister urged the States to come with greater preparedness with seriousness to the RPM meeting for deriving maximum benefits from out of it.

21. The meeting ended with vote of thanks.

*****
List of Participants in the RPM Meeting held on 12.10.2015 at Scope Convention Center, New Delhi

In the Chair: Shri Piyush Goyal, Hon’ble MoS (IC) Power, Coal New & Renewable Energy.

- MoP

1. Shri P.K. Pujari, Secretary (Power)
2. Shri B.P. Pandey, Additional Secretary
3. Shri B.N. Sharma, Additional Secretary
4. Shri A.K. Verma, Joint Secretary (Dist.)
5. Smt. Jyoti Arora, Joint Secretary (R&R)
6. Shri Aniruddha Kumar, Joint Secretary
7. Sri Vishal Kapoor, Director (Dist.)
8. Shri K.K Mishra, Dy. Secretary(RE)
9. Shri Ghanshyam Prasad, Director(Tr)
10. Shri G. Swan Za Lian, US(IPDS)
12. Shri Kailash Karthik, Asst. Secretary
13. Shri T. Balasubramaniam, Asst. Secretary
14. Smt. Monisha Banerjee, Asst, Secretary
15. Shri Mullai Muhilan, Asst. Secretary
16. Shri Meghanatha Reddy, Asst Secretary

- REC

1. Shri Rajeev Sharma, CMD
2. Shri P.J Thakkar, Director(Tech.)
3. Dr. Dinesh Arora, IAS, ED
4. Shri Sunil Kumar, ED(DDUGJY)
5. Shri S.K Gupta, ED(DDUGJY)
6. Shri Sanjeev Garg, ED(Finance)
7. Shri Ashok Awasthi, ED(Ren/Admin.)
8. Shri T.S.C. Bosh, GM(DDUGJY)
9. Shri G.S. Bhati, GM (DDUGJY)
10. Shri Dinesh Kumar, GM(Renewable)
11. Shri Fuzail Ahmed, GM (PMG)
12. Shri P. Baburaj, ZM, Panchkula
13. Shri J. Banerjee, ZM(EZ), Kolkata
14. Shri N.K. Maurya, ZM, Lucknow
15. Shri P.P. Singh, CPM, Guwahati
16. Shri D. Nagpal, AGM
17. Shri Subroto Chatterjee, CPM, Bhopal
18. Shri A. Lahri, CPM, Ranchi
19. Shri Hemant Kumar, CPM, Patna
20. Shri Satyaban Sahoo, CM, Raipur
21. Shri S. Pradhan, CPM, Bhubneswar
22. Shri S. Roy, CPM, Shillong
23. Shri A.K Goswami, CM, Guwahati
24. Shri Harsh Baweja, CPM, Jaipur
25. Shri Ajay Kumar Gupta, CPM, Jammu
26. Shri N. Venkatesan, CPM, Hyderabad
27. Shri Ashok kr. Singh, Project Coordinator, RECPDCL

- **PFC**
  1. Shri M.K. Goel, CMD, PFC
  2. Smt Radhika Jha, IAS, ED
  3. Shri Avkash Saxena, ED
  4. Shri S. Rudra, GM
  5. Shri Subir Saha, GM
